# **TREASURER'S REPORT**

## **As of December 31,2021**

### **Operating Budget**

As we close out of calendar year 2021 and 6 months of the County's fiscal year. The RDA's operating expenses total \$234,576.22 which represents 35% of the FY 2022 annual budget. The department continues to work remotely without disruption.

### **Capital Improvement Program**

In the month of December, the capital expenses totaled \$264,534.57. The major expense this month is listed under the account of Other Non-Defined Projects which is very misleading since all projects are clearly defined. They are specific to each locality, In December the department reimbursed two of the major subprojects under Countywide Revitalization; both Community Impact Grants (CIG) and the Commercial Property Improvement Program (CPIP). At this point the RDA has only spent 1% of the FY22 approved Capital Budget. Although the year has started off slow the agency does not anticipate any delays or setbacks in the progress of any of their projects.

The goal of this project is to re purpose open space located adjacent to the former police headquarters in Landover, to a space that will serve the boys and girls in Landover and surrounding areas.

With the COVID19 outbreak things for the Youth Development Park have been slowed down. Fortunately, some progress has been made. In coordination with Prince George's County, PAL and the lead on this project, the Cal Ripken Sr. Foundation, they have been able to conduct a land survey along with soil sample testing for the environmental impact report. The county has also completed a land and utility use questioner for the company completing this renovation. Fields Inc continues to work with the county to obtain all required permits, but things are taking a little longer due to the global pandemic. This project is scheduled to be completed Fall 2021.

### **2019**

#### **Casa de Maryland – Langley Park Beautification - \$58,524 award (\$42,500 Northern Gateway funds)**

The long-term goal of this project is to build trust between Langley Park residents, particularly youth and the Prince George's County Police Department that will lead to a stronger partnership between the community and the police by eliminating crime hot spots and improve public safety in Langley Park. The ways that this will be accomplished will be community graffiti cleanup; community mural paintings; community tree and shrub plantings and traffic box art wrap. Casa is in the process of updating the budget and getting agreements executed with stakeholders that will assist in the project.

The implementation plan included the purchase and manufacture of materials, the procurement of permissions, and community engagement during the period in which the COVID-19 pandemic has made such activities impossible and illegal. Contractors are unable to work, and we will miss the planting season, necessitating that all landscaping be pushed back to September and October. Creative community engagement continues but is limited by issues of virtual access and resources in our community.

Awaiting final documentation of project completion.

### **Friends of Greenbelt Museum (FOGM) – Greenbelt Museum expansion - \$50,000 award**

Old Line Architects are working on the final plans, in coordination with various engineering firms, including a civil engineer, a structural engineer, and a geotechnical engineer. They have all made site visits and are conducting various studies and analyses that will inform the final drawings. A final addition size and layout has been finalized and details such as what HVAC system will be most appropriate for the museum collections are being considered. This work is happening in collaboration with both the City of Greenbelt, and Greenbelt Homes, Inc., as all plans developed will need to be approved by them. With the current COVID-19 crisis, the architects and engineers are continuing their work, but because the City and GHI employees are not as available, the approvals process will take even longer.
