**Commissioner Camacho:** I'm going to go over a few house rules. We understand that we're in a network situation with connectivity issues, we ask that you mute your computers or cell phones until you're called. We operate under the Maryland Open Meetings Act, any transactions, all of our testimony, and discussions between Commissioners is done in the open and totally transparent. When we do call cases and we experience connectivity issues we will pause that case, proceed to the next case, and allow you to reestablish connectivity with us. Additionally, I'll explain the procedure, the Director will call the case, I'll swear in whoever is going to be testifying, after the testimony is taken, I'll ask for a motion, someone will second the motion and then we'll take a vote. We normally have five Commissioners, but our Chairwoman isn't with us today and Commissioner Smith had to tend to an emergency.

**Director Sheppard:** During a typical hearing, there would be an exchange between the Board and the attorneys to exchange information as exhibits. Because this hearing is now virtual, we have implemented a 10-day rule to give those individuals here today, 10-days from today's date to add to the official record. I would ask that you email myself or the administrative staff of the BOLC. You may add information to the record long as it is information that has been discussed in this hearing.
